# SEQUOYAH

DOWNSVILLE HIGH SCHOOL  
DOWNSVILLE, LOUISIANA

# Foreword

Life is a road through which we all travel. It may be bumpy and crooked, or smooth and straight depending on us.

We passed through childhood a few miles back. It was filled with happy, care-free days we won't forget.

Today we are traveling up the steep hill of adolescence. It is a time of problems, new experiences, decisions, heartaches, and good times with friends. We must spend our high school days preparing for the future, for around the next curve is adulthood.

There are many roads leading from adolescence to adulthood. The choice of which road to take is up to us. Many will choose different roads that lead away from friends and home.

As you journey through the pages of this SEQUOYAH, may you have happy memories of your days at D.H.S.

Downsville, La.

Dear Bobette:

Thank you so much for your letter and the photographs of the eight lovely young ladies competing in your Yearbook Beauty Contest.

The choice was an especially difficult one to make as all possess individual qualities of attractiveness. However, as you requested, I have numbered the pictures in the order of final choice.

My congratulations to all who participated and my very best wishes for a successful Yearbook.

Sincerely,
